Introduction

Our Household Charges Scheme sets out the charges that, in the absence of any contractual agreement, our household customers must pay for services we provide in the course of carrying out our water and sewerage undertaker duties.

Our Household Charges Scheme sets out the terms and conditions of those charges and sets out the times and method of payment that our customers can use to pay them. This statement provides assurance from the Wessex Water Services Ltd Board of those Household Charges. Both documents are available on our website¹.

Under the Water Industry Act 1991, our Household Charges Scheme for 2022-23 must comply with the Charges Scheme Rules issued by Ofwat in October 2021 (“the Charges Rules”). In addition, the Charges Scheme should comply with our obligations under our Operating Licence and law.

Board ownership

The Board owns and is accountable for the development of the Household Charges Scheme.

On 26th July 2021, the Board considered and approved the strategy for customer charges and the associated governance processes.

On 27th September 2021, the Board considered proposals for changes to charges policies to be implemented from 1 April 2022.

On 29th November 2021, the Board confirmed the decisions above and considered an analysis of expected bill changes.

The Board further confirmed that to the best of its knowledge and belief the Ofwat Assurance Requirements were met and duly approved the signing of this Assurance Statement.

The Board therefore authorised the Company’s Executive Director of Finance and Regulation to sign-off of the final Assurance Statement, Charges Scheme and Statement of Significant Changes.

Wessex Water Services Ltd
Assurance Statement for the 2022-23 Household Charges Scheme

Assurance Statement

In making this Assurance Statement, the Board has considered the requirements set out by Ofwat in its Charges Scheme Rules and confirms that, to the best of its knowledge and belief:

1. The Company complies with its legal obligations relating to the charges set out in its Charges Scheme;
2. The Board has assessed the effects of the new charges on customers' bills for a range of different customer types, and confirms that no customer type is expected to see an increase in bill in excess of 5%;
3. The Company has appropriate systems and processes in place to make sure that the information contained in the Charges Scheme and additional information is accurate;
4. The Company has consulted the Consumer Council for Water (CCW) in a timely and effective manner on its Charges Scheme.

In addition, the Board considers the charges consistent with Ofwat's Charges Scheme Rules.

The Board has made this statement based on the information available to it at the current time.

The Board authorised the Company's Executive Director of Finance and Regulation to sign the final Assurance Statement, Charges Scheme and Statement of Significant Changes.

Signed

Date 28.01.2022

Andy Pymer
Executive Director of Finance and Regulation
(On behalf of the Board)

Board considerations

In making this Assurance Statement the Board has considered the following requirements set out by Ofwat in its Charges Scheme Rules (“the Ofwat Assurance Requirements”):

1. The Company complies with its legal obligations relating to the charges set out in its Charges Scheme;

A review by the Company’s technical assurance provider (Mott MacDonald) confirmed that:

a. Our Household Charges Scheme for 2022-23 is appropriate to meet our obligations under:

- The Water Industry Act 1991 (as amended in 1999 and 2014) – section 93A (in so far as the Charges Scheme does not derogate from the duty to promote the efficient use of water), 142/149;
- The Water Industry (Charges) (Vulnerable Groups) Regulations 1999;
- The Water (Prescribed Conditions) Regulations 1999;
- Water (Meters) Regulations 1988;
- Measuring Equipment (Cold Water Meters) Regulations 1988; and
- The Flood and Water Management Act 2010 – sections 43 and 44.

b. Our Household Charges Scheme is consistent with Ofwat’s Charges Scheme Rules (published in October 2021).

c. Our Charges Scheme is consistent with the Company’s obligations under licence conditions E and R.

d. That our charges calculations are:

- based on a reasoned forecast of charge multipliers for the charging year; and
- consistent with the Company’s obligations under licence condition B and the PR19 final determination of prices.

2. The Board has assessed the effects of the new charges on customers’ bills for a range of different customer types, and confirms that no customer type is expected to see an increase in bill in excess of 5%;

No customer types are expected to see an increase in bills in excess of 5% as a result of the charges proposed.

In making this statement, the Board reviewed all proposed changes in charges compared to the previous charging year and considered how these translated into bill changes for a selection of Eligible Premises.

The wholesale charges for 2022-23 are calculated using the November CPIH of 4.6% and these then form the majority of our household charges.

Wessex Water Services Ltd
Assurance Statement for the 2022-23 Household Charges Scheme

The Board expects the following changes to domestic customer bills:

Customer type	Water		Wastewater		Combined	
	£	%	£	%	£	%
Average bill	238	3.3%	232	3.7%	470	3.5%
Metered 1 person	121	3.8%	136	4.3%	257	4.1%
Metered 2 person	209	3.8%	207	4.5%	416	4.2%
Metered 3 person	246	3.8%	236	4.6%	482	4.2%
Metered 4 person	287	3.8%	269	4.6%	556	4.2%
Metered 5 person	340	3.8%	312	4.7%	653	4.2%
Metered 6 person	383	3.8%	347	4.7%	730	4.2%
Unmeasured low RV	199	4.6%	164	4.8%	363	4.7%
Unmeasured mid RV	316	4.6%	260	4.9%	576	4.7%
Unmeasured high RV	430	4.7%	352	4.9%	782	4.8%

In addition, the Company engaged its technical assurance provider (Mott MacDonald) who reviewed and confirmed that no customer's end charges will increase by more than 5%. As part of the review, the incidence effect for every end-user tariff at every possible volume or rateable value was calculated and assessed.

3. The Company has appropriate systems and processes in place to make sure that the information contained in the Charges Scheme and additional information is accurate; and

The Board reviewed and approved the governance and assurance processes and procedures for the setting of charges in July 2021.

In addition to the external assurance laid out above, the Company continues with its internal charges assurance processes as detailed in the Regulatory Assurance Manual including:

- A requirement for the compiler, owner, and reviewer to certify the accuracy of their data and associated calculations; and
- Ensuring clear ownership of the process resides with a senior manager, in this case the Director of Economic Regulation.

Wessex Water Services Ltd
Assurance Statement for the 2022-23 Household Charges Scheme

The charges setting process requires the Economic Regulation team to engage with internal and external stakeholders to ensure that the charges proposals are well rounded and practical. In particular, there is significant engagement with the Company's internal legal team and those responsible for billing and collecting charges.

4. *The Company has consulted the Consumer Council for Water (CCW) in a timely and effective manner on its Charges Scheme.*

The Board was informed that stakeholders have been engaged with in a timely manner. In addition, the company has engaged with CCW in the following ways:

- CCW is a member of our independent Affordability Advisory Group which met in July 2021 and agreed our approach to providing Social Tariffs to vulnerable customers in our region, including extending the Assist Social Tariff to charities housing the low income and vulnerable.
- The Company met with CCW's local representatives in September 2021 and explained our approach to setting charges for 2022-23. CCW subsequently agreed with the approach.
